Your Daily Duties

As a Junior Security Analyst, also called a SOC Level 1 Analyst, you work in a 24/7 SOC team and mostly review the security alerts together with your colleagues. To do it efficiently, you will need practice and skills learned through this path. During your work shift, you would typically:

- Monitor and investigate various security alerts
- Participate in SOC brainstorm and workshops
- Cooperate with other teams to keep your company safe
- Constantly learn and discover new attacks and defenses

Answer the questions below

Which team do you work with as a Junior Security Analyst?

SOC

✓ Correct Answer
